

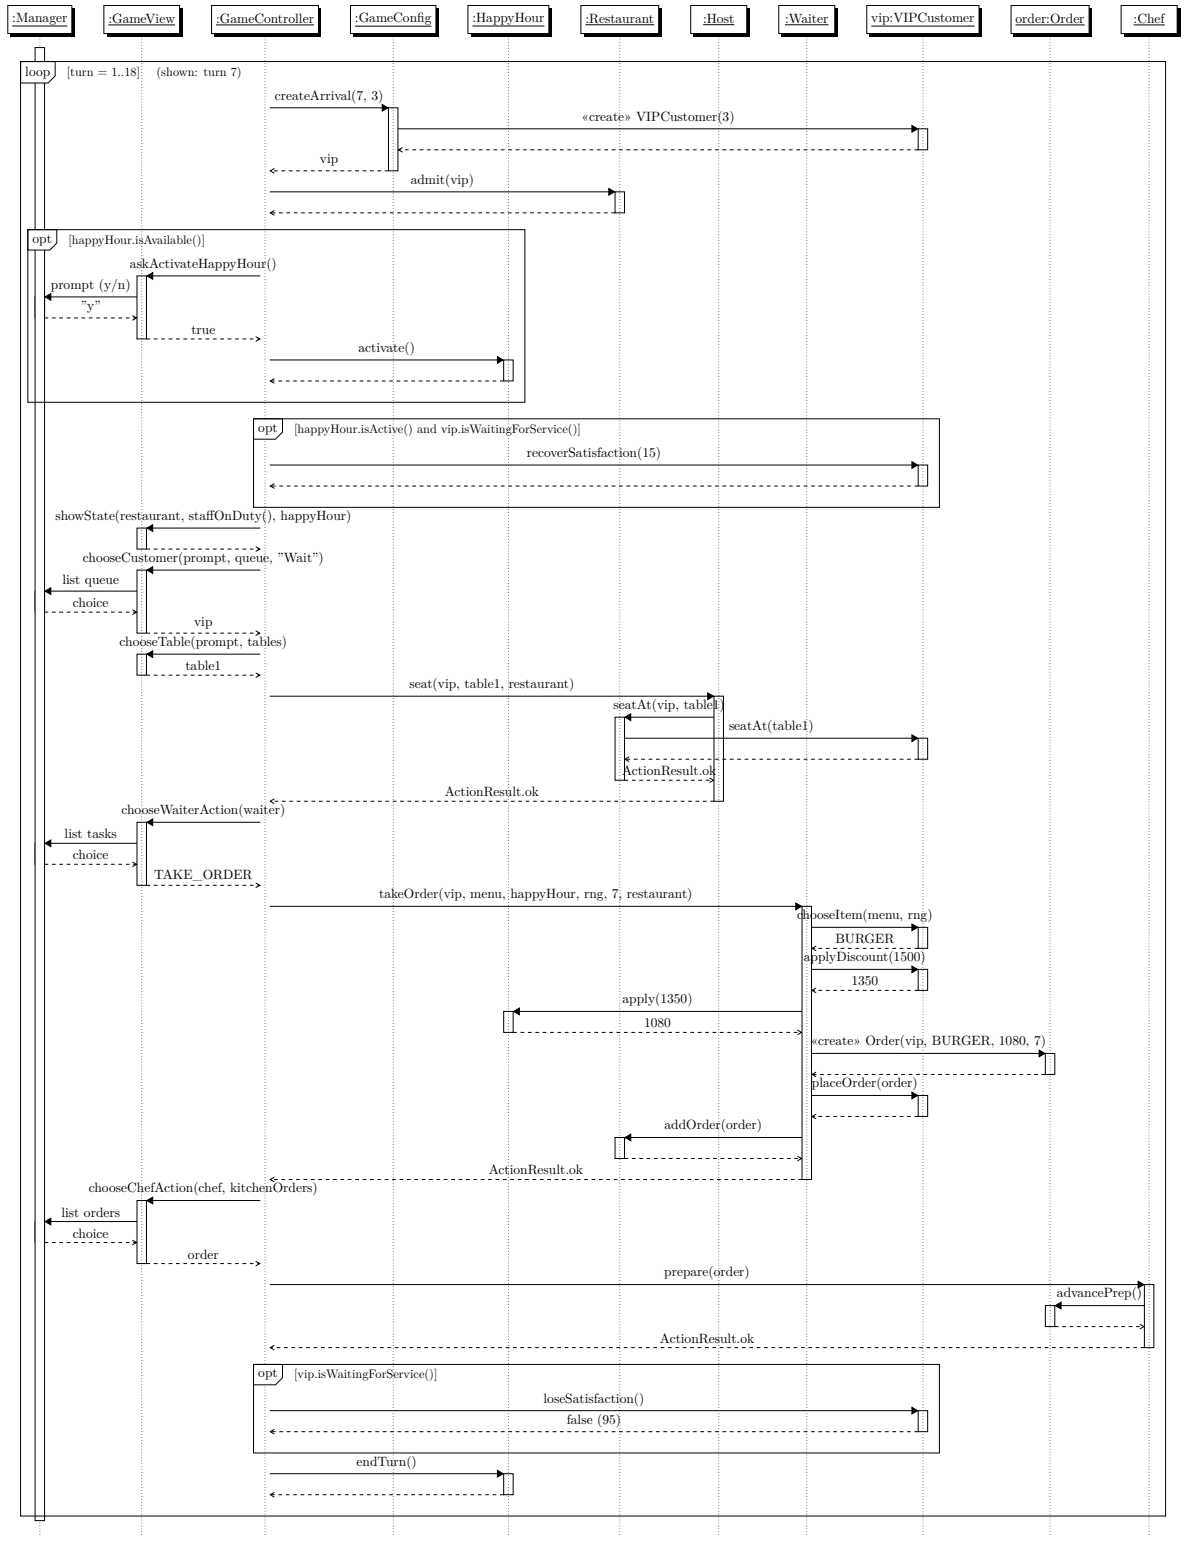

Figure 2: Sequence diagram, part 1 (turn 7): VIP arrival, Happy Hour activation, the Host seating the VIP, the Waiter taking the order at a locked price, and cooking.

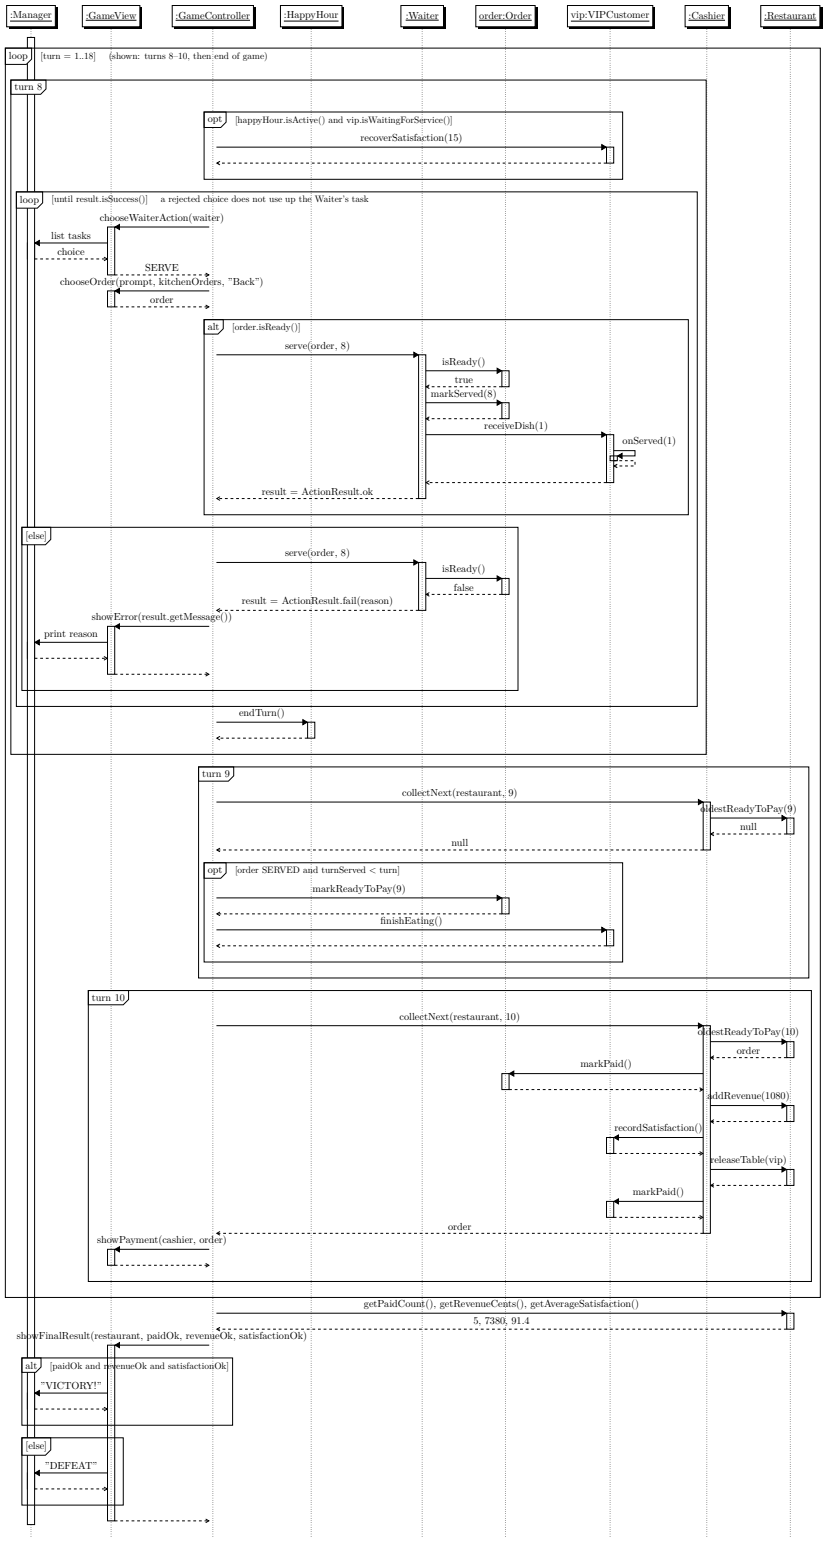

Figure 3: Sequence diagram, part 2 (turns 8–10 and the result check): Happy Hour recovery, serving with validation, eating, payment, and the end-of-game check. Each alt/[else] pair is one alternative fragment. The values returned by the result check are the real ones from this run.
